THE ONTARIO MUTUAL LIFE ASSURANCE CO.

I am glad to state that during the past year our NEW BUSINESS was \$300,000.00 more than the previous year, which shows that although many changes are about effecting insurance for nearly nothing, when the ONTARIO MUTUAL are properly shown it results a fair share of business patronage.

The Stone-Cutter of Lisbon

A NOVEL BY
WM. HENRY PECK.

Lady Eliza, wondering greatly how it was that she was home so early, was looking out of the window at the street.

On arriving at the door of the hall above the Count found himself in the presence of a man holding a large black bag, the shape of which was familiar to him.

"You seek concealment from the rage of the oppressed people, Count Pedro," said the person with the lantern, "for the friend of the poor, refuge shall be given you."

There was much start and surprise in the deep and apologetic tone of the speaker, whose voice itself seemed something new to the Count.

"I am not a fugitive," said the Count, "I am a man of honor, and I will not flee from my duty."

"You are not a fugitive," said the Count, "I am a man of honor, and I will not flee from my duty."

"You are not a fugitive," said the Count, "I am a man of honor, and I will not flee from my duty."

DEAR SIR,

I have been using B.B.C.

for cancer of the breast during the last two

years and four months, both externally and

internally, and have been greatly benefited.

I have had cancer over seven years,

and no medicine ever did me as much good

as B.B.C. I feel sure that suffering from

cancer can obtain relief or even cure from

B.B.C. and will be pleased to answer any

questions of the use and benefit resulting

from this remedy.

Patrons of Industry

In view of the attempt which is being made to introduce the organization named above into this district, we consider it desirable to state that those who may be solicited to unite themselves with it may see "both sides of the shield" to reproduce the following article from the subject from the Montreal Journal of Commerce.

Following the defeat of "grange" scheme in Ontario, which, in its time, introduced a new and trouble some element into the New York conception is being introduced, embodying the same principles, under the name of "The Farmers' Industrial Union," called "Indigo" are being formed in the smaller villages and towns of the state province, membership being obtained on payment of a fee of \$1.00. These lodges or clubs may combine for co-operative action in carrying on the manufacture of butter and cheese in their own factories, but all will be brought under the control of a central authority.

One project is to make a claim on the government for reductions in the import duty of certain goods, being obtained to make an application to the government for a loan bearing interest at the rate of 4 per cent per annum, with which to pay for farm mortgages. Probably its chief operations will be organized attempts to purchase supplies from foreign stockpiles at an advance of 125 per cent on the invoice cost of goods. The purchase of the local lodge or club, is characterized by wholesale deal cutouts by its members, in the alternative offered to stockholders. When a stockholder is forced to leave, the society claims the right to examine his books, and to inspect the invoices of their merchandise from the time he has purchased goods, at any time, so that the association can be satisfied that the company is being carried on with the margin of profit they have fixed, that is, 125 per cent, is strictly adhered to.

The membership of this society is said to have already reached 30,000. Some of the country traders, who have made arrangements with the association, are making applications to the wholesale houses for black leather on which they can enter their purchases with an advance of 10 per cent, in addition to the 125 per cent fixed by the "Patrons." There is a strong wish to enter into agreements with the wholesale trade to overcharge their purchases 10 per cent, so that they can get a small profit out of their business. These overcharges, of course, being deduced at settlement of the account.

The scheme is being started by farmers, most of whom are without business experience. They, undoubtedly, will strain every effort to carry out the principles of this new society. The movement is said to be deplored, as it is the danger to those traders with whom this society deals, in dishonest and dishonest practices, provided they find wholesale houses, as the result in principle as to let in collusion with them. Although the order established in this city, and the result will not lead themselves to any system of deceit by false invoices, some merchants will give their aid to resist their own efforts to protect themselves against so unfair and so that, against so unjust a conspiracy, for so it is regarded, any defensive tactics are justifiable. The effect of this movement will be demoralizing to the trade of Ontario.

Our contemporary being a non-partisan journal, does not allude to the partisan character of the organization. It has been reported to us, on what we believe to be reliable authority, that the members of the association are organized to vote for the candidates for Parliament who support a certain policy. The meaning of this is too plain to be misunderstood, and the fact that the principal officers and those who are engineering the scheme in this district are, with a few exceptions, active politicians of the Grange stamp, is sufficient to cause conservatives to make thorough investigation into the matter before they permit themselves to give any such credence.

Pilot's Pitching Piles.
STURGEON—Males are liable to catching colds, coughs, and other ailments, and it is often found that the cause is a weak and diseased system. At this time of year, when the weather is so variable, it is especially important to keep the system in good order. Dr. J. C. Williams' Pink Pills for Pale People are the best remedy for all such ailments. They will strengthen the system, improve the blood, and give the system a new lease of life. They are sold in 25c and 50c bottles by all leading druggists.

The Conservative Candidate Re-Elected in Montreal.

To the Editor of the Intelligencer.

DEAR SIR,—Enclosed please find a marked item taken from your issue of the 8th, which caused my notes until this day. In conclusion, I wish to state that with the exception of one article, lighting in the night, which was a holding of the military camp here last September, there has not been one night of extra lighting paid for by the city since I entered into the contract for supplying light, June 1st, 1890, and that there has been no change in the selection of night, which constitute the moonlight period (or rights on the night) are a simple matter of fact, and from that followed during the past nine months. Asking you to kindly note this above correction to your next issue, and yours truly,

W. H. FRANKLIN, JR.,

FOR P. F.

THOMAS HALL.

To the Editor of the Intelligencer.

Nostalgia is a word—Roman proverb.

It is a word known by the company he keeps—An English equivalent.

SIR,—Above we have one of those

shrewd practical maxims which the sage

of Greece and Rome condensed and crystallized

from the accumulated experience of

former ages, and which are as applicable to

our own times as they were to those of

former. It is a maxim to examine, in the

light of this maxim, the public standing

of Hon. Wilfrid Laurier, the leader of the

party in the Dominion House of

Commons.

This gentleman has been represented by

his followers as a man of incorruptible

character, a knight "sans peur et sans reproche," and held up as a model of

honor, integrity, loyalty and every political

and personal virtue. Are they told that

this policy is disloyal? They say that

Mr. Laurier is a faithful subject of the

British Crown. In their course demon-

strated to be injurious to Canadian interests.

They say that Mr. Laurier is a true

Canadian, a son of the soil, as he himself

phrases it. Are they accused of selling

Mr. Laurier's stolen money to secure a majority

in the Dominion House of Commons? Their reply is that Mr. Laurier is too honest

to use money drawn from any dishonest source, and if any such were used, he would not possibly be aware of it.

In fact, when any of their evil

doings are brought to light, they shelter

themselves behind loud allegations of Mr. Laurier's honor, his honesty, his unimpeachable

character, which they seem to think, the clarity, ought to cover the multitude of

sins.

Let us, however, examine these pretensions

of Mr. Laurier, his party in the light of the

maxims which inspire this letter. First, as to his devotion to the interests of

his country. It is not the least of a party

whose avowed aim and object is to

drive the people of Canada from the management

of their own affairs, and to give to foreign

and by no means friendly nations the power

to regulate our tariff, even to the extent of

discriminating against the character and

our very existence. Next, as to his honesty; has

he been honest in every occasion? He has

avowed his faith in aid determination to

support Count Mercier, and refused to

support him and his associates even when the

proofs of their guilt have become too plain

to be denied or even doubted. As to his

charitable feelings to debts, of which we

have heard and to go no further back than

Friday last, did he not, while pretending

to approve of John Thompson's resignation

from the office of Minister of Finance, and

did he not repeat the same discarded

argument to the effect that he was not

to support his motion, in the hope that

coming late they might still have some

effect? As to his loyalty, has he not stated

on several occasions that his sympathies

were for the French people, and that he

had been a member of the French

Legation in London, and that he had

used his name against the French

cause? And did he not recently to a

foreign land, and to go no further back than

the papers last we were received with

long and loud applause by those who were

pleasing and working to denigrate our fair

and fertile land from its parent empire, and

nudge him in the expense of use of the greedy

and grasping Republic, which is too near a

neighbor for our peace and comfort? Lastly,

is he not hand and glove with the recent

He stared at the disguised secretary no more than he stared at Lady Hilda and the astronomer, but especially upon the face of the latter did he gaze, for he saw in a state of mingled wonder and terror.

NOTHING SUCCEEDS LIKE SUCCESS

Burdock Blood Bitters is a household remedy for dyspepsia, it expels humors and purifies the blood, acting as an antidote against the stomach, liver, and bowels, antagonizes blood poisons, builds up the system, restores the functions and restores and purifies the entire system.

CABINET RECONSTRUCTION.

A popular topic to cabinet reconstruction, which really does not concern the public as much as the reconstruction and cleaning of the human system against the evils of spring. The premier medicine for this purpose is Burdock Blood Bitters, and both parties recognize it as the best blood purifier and general system regulator known.

AS PARMEY'S VERTIGAL PILLS OBTAIN

MacKinnon and Dandridge, they cure Liver and Kidney Complaints with surprising celerity. They also contain roots and herbs which have specific virtues upon the stomach, liver, and bowels, antagonizes blood poisons, builds up the system, restores the functions and restores and purifies the entire system.

that they were decidedly untrue and unjust

to the memory of the deceased. He said

that at night, this might create an

unfavorable impression in the minds of

the jury against the defense. He said

that the court should be informed of the

statements of the witnesses by the newspapers.

Judge Ross said if the facts were as set

The **SURPRISE** Way.

1st. Commence by dipping one of the articles to be washed in a tub of luke-warm water. Draw it out and rub on the "SURPRISE" lightly, not missing any soiled pieces. Then roll in a tight roll, put back in the tub under the water and let it stay there half an hour. Do all the wash this way.

3d. Then wash lightly through a lukewarm rinse water, which will take out the suds.

4th. Next rinse through a blue water. (Use scarcely any bluing. SURPRISE takes the place of bluing).
Wring them; hang up to dry without boiling or scalding or any more rubbing.

Death of Wallis, the Queen's Sister.
LONDON, March 20.—Wallis, the Queen's sister, died yesterday at Bletchley, near Nottingham, aged 86. The deceased, who was known for 60 years as one of the most

capable performer in the show-biz, earned his title through appearing before Her Majesty and the Prince Consort at Windsor in 1844, when he was a member of the Van Amburgh's Company. A task of striking ability, his name was added to a household word in the Northern and Midland counties' years ago. Wallcut made long and successful tours of the States.

Though practically living in retirement during the last decade, he occasionally appeared to fulfil special engagements.

Justice Underwood with Henry Paris, March 26.—The trial of Henri Rochefort on a charge of judging the public prosecutor, M. Bonaparte, opened in the Paris court yesterday. Several witnesses

declared that the libels published were current talk, but no evidence was produced to prove them authentic.

M. Cruppi, the public prosecutor, asked the court to deal with M. Rochefort, who is at present in England, with the utmost severity.

The verdict was "guilty without extenuation,"—i.e., without extenuation.

Plotters Punished.

BRALIN, March 26.—Three of the leaders in the recent plots here were yesterday found guilty of the charges preferred against them. One of the prisoners was sentenced to four years' penal servitude, another to three years and the other two years imprisonment.

ON FIRE WITH ECZEMA

Seven Doctors and Two Hospitals
Fail. Cured by Cuticura.

My baby boy, 6 months old, broke out with eczema. The itching and burning was intense; the eczema spread to his limbs, breast, face and head, until he was nearly comatose. The burning agonies were pitiable to behold; he had no peace and but little rest night or day. I tried all the best remedies, but nothing helped him. I then bought Cuticura, and used it as directed. In a few days the itching and burning ceased, and the skin began to clear. In a few more days the skin was perfectly clear, and the baby was as healthy as ever.

man at different times at two hospitals and by seven doctors in this city without the least benefit; every prescription of the doctors was faithfully tried, but became worse all the time. For months I expended about \$3 per week for medicines, and was entirely discouraged. I put

the directions to the letter. Relief was immediate, his sufferings were eased, and rest and sleep permitted. He steadily improved and in nine weeks was entirely cured, and has now no sign of a skin and is so full a boy as any mother could wish to see. I recommend every mother to use it for every Baby Sufferer.

THE PARIS ANARCHISTS.

ATTEMPT TO KILL THE PUBLIC

PROSECUTOR

House for an Eight of a Mile Shattered

by a Cigarette Thrown by a Boy

Proposition to Pay Members Indicted

in the British House of Commons

Paris, March 26.—There was a terrific

explosion of dynamite Saturday at 30

Rue Clinchy, the home of M. Bonet, the

public prosecutor. The attempt was

against his life, which has been threatened

repeatedly lately by anarchists.

The police say that at least eight pounds

of dynamite must have been used.

The effect of the explosion was indecible.

House for an eighth of a mile on

every side of M. 26 were shattered by

an earthquake.

All windows were shattered in the

neighborhood, and walls of the building

immediately vitally were cracked and

hinged.

No one was hurt. The explosion, which

is thought to have taken place in the

ground below, blew the stairway to

spitters, so that the panic-stricken

inhabitants had to be helped from the

upper floors with ladders.

Many of the windows were blown out

completely and bricks were driven in

from place and dropped to the street. The

plastering was washed away from the

walls and ceilings.

Seven persons were injured by the

explosion, four by being thrown from

chairs and three by falling debris.

M. Bonet, who lived on the

fifth floor, said to have escaped without

injury. He never fails to attend court

and has been preparing the internal

organization of the anarchist movement

for May 1 has been abandoned. The

police are convinced that they have been

in a war of extermination, and all persons

Spring Opening.

CARPETS.

An appeal we postpone the announcement of our spring opening until after the close of the season, so that the public can give more individual attention to the magnificent display which we make.

This season we have opened already **42 BALES** of the different classes of carpeting and materials, in a superior line of the finest, sometimes even superior to those in this section of Canada. We have carpets at almost any price, from 15 cents a yard up to \$5.00 per yard.

We have also opened up this spring a large number of cases of House Furnishings, such as CUPBURN, CURTAINS, FOLDING, BLINDS, RUGS, DRAPERIES, etc. Our assortment of all these goods is so complete and well selected, that we are enabled to show through our large premises. We devote the second floor of our store to our House Furnishings Department.

TALK OF THE TOWN.

FRID. ABRAHAM, leader of marriage li-

For a long time I suffered with stomach and liver trouble, and could find no relief until I began to use Ayer's Pills. I took them regularly for a few months, and my health was completely restored. —D. W. Bates, New Haven, N.C.

Mr. Myrtle Van's play correctly represents the whole plan upon which the manufacture is conducted. There is not a theatrical part of a cent expended upon it for mere appearance. It is neither wrapped in its full work nor is it fancy shapes, nor put in fancy make, nor subject to any kind of expense merely to please the eye or captivate the fancy. The manufacturer has not felt obliged to add to the quality of the tobacco. The public has testified in the fact that they prefer Ayer's to any other for a high quality of article than for ornament or display.

A Notable Convert.

Col. Amory, in the House of Commons last night, announced his abandonment of the Liberal policy, and his intention to support the Government on the trade question. Col. Amory, who was a Conservative, "flipped on the Red" question and had since been a bitter opponent of the Government.

Y.P.C.A.

There was a large attendance at the Y.P.C.A. meeting in Bridge Street church last night. The first and second chapters of Mr. Drummond's "Chances" were read by Miss Mendenhall and Miss Gray, and commended by the congregation. Miss Belle Holton sang a solo which pleased all present. These meetings continue in interest.

Death of Mr. I. C. Ryck.

A well known resident of Hangerford township died on Sunday in the person of Mr. I. C. Ryck. The deceased has been for a long time in the township and for years held the position of justice of the peace. He was a well known and highly respected man, and his death will be deeply felt by many. He resided near the village of Tread. A son of the deceased, Henry Ryck, is proprietor of the village of Tread.

Farely Vegetable.

Visit the best, then the blossom, then the perfect fruit. These are the stages of some of the most important and profitable crops growing in our country. The plants of plants greatly increased and improved in quality in the last season, all combined give a grand result. Putnam's Extract makes no error, does not make up for a poor crop, but goes on quickly doing its work until perfect crop results. Beware of substitutes.

City Council.

A lengthy session, but not much business transacted.

The City Council met last night for the transaction of business. Present: Mayor Joseph, Ald. Foster, Powell, Hopkins, Lacombe, Slater, Hopkins, Stirling, Walbridge, Anderson, Taylor, Walmsey, Miller, Leblond, Hay, and Clarke. The Clerk intimated that Mr. L. G. G. had been elected to place of Ald. Hay, resigned. The newly elected Alderman was invited by the Mayor to take his seat, and did so.

The minutes of last meeting were read and confirmed.

COMMUNICATION.

The Street Surveyor reported in reference to permanent improvement to the sidewalks on the street from the corner of Front and Front Street. Wm. Blaisdell called the Council to allow him to repair the street signs at 10c each. The Council was referred to the committee on the purchase of a "Champion" street sweeper, which he claimed would be a great benefit to the city and save a large expense. A petition was presented for the erection of a light to be placed on the corner of Front and Front Street.

The Treasurer presented his statement for the month of February, which showed a balance on hand of \$77.00.

Reports were presented from the Kewee Water and Gas, Public Works, Market and City Property committees, which have already been published.

The Auditor's report for 1891 was read. The Council was into committee of the whole on reports, Ald. Stirling in the chair.

The Executive committee's report was first considered and passed without discussion.

The Public Works committee's report was taken up.

The recommendations of the committee in reference to the tender for lumber and other material, caused some discussion. The committee recommended that Mr. D. Kelly, of Madoc, supply the lumber.

Mr. J. Breckenridge, of Marquette, the cedar, their tenders being the lowest.

Ald. Walbridge moved to accept Mr. Kelly's contract being accepted for lumber, as he understood that he could not give proper security to the city. If he was, however, prepared to give security it would be a different matter.

Ald. Foster thought that the resident taxpayers should have the preference in this matter, when the tenders were not equally in advance of Mr. Kelly's tender. It was a matter of public interest.

Ald. Doyle stated that Mr. Kelly had given assurance that he would protect the city. If the tenders had been near the same price he would be willing to give the contract to the local tenderers, but there was a difference of 80 cents per 1000 ft.

Ald. Walbridge said if the tenders were good they should be carried out. He was in favor of allowing Mr. Kelly to furnish the lumber and give security.

Ald. Slater and Ald. Adamson were in favor of the report being adopted.

Ald. Ponton thought that the report should be referred back for further consideration.

Ald. Mikel said he should accept the report if it was the interest of the city, and he believed it was.

The clause in the report was adopted. The clause referring to the rebuilding of the retaining wall on the river's edge near Brown's foundry, was taken up. The report gave assurance that he would protect the city.

Ald. Slater was in favor of the wall being built, and moved in amendment that the City advertise for tenders for the erection of the wall. Ald. Lacombe seconded the amendment.

Ald. Loughman stated that it would cost something like \$5,000 to build the wall, and the city's finances were such that it would be a heavy burden.

Ald. Taylor said it was a necessity to have the wall built, and he was in favor of the motion made by Ald. Slater. It would be a lasting improvement. He did not believe it would cost \$5,000, as a tender was given last year at \$2,700 for the work.

Ald. Doyle said the work was a necessity, but where were the finances to come from? He would like to see a wall built.

Ald. Hay was in favor of the wall being built, even if it had to borrow the money. Ald. Anderson, Ald. Slater, and Ald. Walbridge were in favor of the wall being built.

The expense would be considerable, but it would be a lasting improvement. Ald. Doyle moved in amendment to the amendment, that the matter be referred back to the committee for further consideration.

After a discussion, Ald. Doyle's amendment was carried.

The communication of the report was referred back to consider the question of watering the market square every day and not market days, as was proposed by the report.

The communication of the Street Surveyor's report was read, and it was the opinion of the committee as to the permanent improvement of the sidewalks on Bridge and Front streets.

Moved by Ald. Ponton, seconded by Ald. Walbridge, that the City Street Surveyor be authorized to acquire and lay down permanent sidewalks or roadways on Front street and Bridge street, and acquire and repair as many of the property owners will bear a portion of the expense of laying such permanent sidewalks.

Ald. Ponton stated that the City Street Surveyor was making some remarkable things with people who are troubled with coughs, hoarseness, and other ailments. Any drugist will give you a trial bottle free of cost. It is guaranteed to cure colds and coughs. The Large Bottles are \$5.00 and \$1.
